John W. Tipton.

"I go to Tipton's—go to Tipton's—
In the corner in the Diamond—
In the Diamond near McMillan's,
If you want your hair dressed finely—
If you want your face shaved smoothly.
Bachelors who never knew it—
Tipton's is the latest fad to do it—
It quick and do it neatly.
And improve your face looks greatly,
Make you look young and brightly,
Make you feel more young and brightly,
To call upon some pretty dame!

Who before would not look at you,
At you as you passed her daily,
Daily on the public street.
And young men who wear mustaches,
Would want some to set by—
With whom your speeches taste—
With whom your looks match—
With whom some lady's taste—
Then repair to Tipton's shop,
Handy, Flirt and Pop."

THE DAY'S LETTERS FROM EUROPE.

THE WAR COMMENCED!

Official Announcement of the Passage of the Ticino—Austria's Ultimatum has Reached—The Redoubled made in Piedmont—Prussian Troops in Italy—Welles Preparations in England.

Mr. J. M. N. F., May 9.

The steamer Adelina, from Galway, with dates to the 24th inst., arrived this afternoon.

The news is most important. There has been no declaration of war, but hostilities were about to commence. The Austrian troops, 120,000 strong, had passed the Ticino.

No actual conflict had yet taken place.

The French army was pouring into the Piedmontese territory.

The Grand Duke of Tuscany has joined

France and Piedmont against the Austrians.

The report of the French-Russian alliance has been denied, but as an offset the London Times publishes the provisions of the treaty, which are said to have been entered into by these two Governments. The beneficial effect which was produced by the denial, on funds, was injured by this publication, and a great panic on the London Exchange was the result.

Demands at one time were quoted as low as 88, in consequence of these fluctuations and hazardous speculations, about forty failures among the stock brokers are announced.

The War Crisis—It had been telegraphed from Paris, that, during the night of the 26th of April, 100,000 Austrians un-

expectedly crossed the Ticino, in three corps, and took the route of the Adda, also that they afterwards blew up the bridge of Busto, over which they had crossed.

It was reported that Austria had accepted the proposed mediation of England and posted the declaration of war.

The London Times proposed to give the provisions of the Treaty between France and Russia, regarding the alliance as a menace to England, inasmuch as Russia guarantees the services of her fleet in the Mediterranean and Baltic, in addition to the army of observation on the Austrian frontiers.

The King of Sardinia has issued an inspiring proclamation to the army, saying that he regarded the ultimatum of Austria as an insult, and rejoiced to it with disdain.

The French troops were landing at Genoa in large numbers, and were enthusiastically received.

Victor Emanuel has gone to join the army at Alessandria.

The Tuscan army called on the Grand Duke to join France and Piedmont, and declared war, whereupon the army declared a military dictatorship.

Warlike preparations were going on in England, and great activity prevailed at Woolwich.

The Government has chartered the Cunard steamer Europa and other vessels to convey troops and ammunition to the Mediterranean.

Rumors prevail of a proclamation being about to be issued calling out twenty thousand men for the navy.

There are active military movements throughout France. 80,000 French troops were expected to be in Italy by the day the steamer sailed.

The Austrian official journals contain an imperial manifesto, explaining the necessity of a war with Sardinia, and authoritatively denies the existence of a secret treaty between Sardinia and France.

The ship Roma, from Liverpool to New York, was wrecked off Wexford on the 17th. The crew and three of her passengers (names unknown) were saved. She had over 400 souls on board. The loss of life had not been ascertained.

PARIS, Saturday.

The Austrian troops have crossed the Ticino, and committed hostilities. This intelligence is officially received.

LIVERPOOL, April 29.—Breadstuffs.—The market shows an advancing tendency, and quotations for all qualities are at a high.

The Cause of the War.—Austria claims that she rightly owns and controls Lombardy and Venice; that she has a right to control them as she sees fit; that in order to do this she must maintain with the several neighboring Italian States such an influence as will render her Lombard Venetian sovereignty safe. Therefore, she keeps up a partial military occupancy of the central Italian States, and virtually rules in all Italy. Sardinia is the only large Italian province which is an exception. There Austria has no power, and the policy of Sardinia, which is favorable to the establishment of constitutional governments in Italy, is hostile to that of Austria, which tends to the maintenance of the strict military despotism. Sardinia, and France sympathizing with her, on the contrary claim that the Austrian occupation of Italy is injurious in its effects on the Italian States, prevents the development of that country, and is virtually in violation of the treaties and compact of 1855. They demand the abandonment of the partial military occupation of Italy, and the Sardinian frontiers, and that Austria shall cease to exercise any more control in Italian affairs than the other great powers. These demands Austria refuses to comply with, alleging that her policy in Italy is necessary to her own protection in her own dependencies of Venice and Lombardy. These matters have been in controversy for three years. France and Sardinia proposed in 1856 the consideration of this subject by the Congress of the European powers. Austria would not consent to this. Diplomatic negotiations were carried on, however, between France and Austria, but the difference has grown wider and wider the longer the discussion has continued, until now they propose to settle the whole affair by a resort to arms.

NEW YORK, May 11th.—The Persian's ad-

vice does not confirm the actual outbreak of hostilities, but an official dispatch of Friday affords a formal declaration of war by America against Sardinia.

The following is an abstract of a letter per American Persia, dated Liverpool, April 30th.—"The papers of this morning contain a dispatch from Vienna, dated Friday, in which it appears that the official papers there have announced the declaration of war by Austria against Sardinia.

Revolutionary movements have occurred in Tuscany, and the Italian duchies, and all Italy will soon be in a blaze, in consequence of the announcement of Sardinia, that on her banner is inscribed 'The Independence of Italy.'

The fact that France was about to prohibit the export of grain, had caused an excitement in the Liverpool market, and flour, for the week, had advanced 10s. and corns 4s. the market closing Friday.

Private letters say that the Persia has brought out heavy orders to this country for breadstuffs and provisions.

HOW W. B. REED.—This gentleman, our late minister to China, arrived in Philadelphia on Wednesday. On landing from the steamer, he was met by a committee of his fellow-countrymen, and escorted him. The leading citizen of Philadelphia, with respect to party, design to give him a hearty reception. It is said that he was leaving London, having received intelligence from the most authentic source, that Lord Palmerston had declared that peace negotiations were at an end, and that a confederate of the opposing forces on the Continent was favorable.

Distracting Mortality.—There has recently been an unusual mortality in the family of Mr. Joshua H. Salby, at Chambersburg, Md.—On the 15th ult. his son, aged ten years, died; and the 19th his daughter, aged thirteen years, on the same day his wife, all of scarlet fever, died; and on the following day Mr. Salby himself died of consumption.

ARRIVAL OF PAUL MURPHY.—The celebrated Paul Murphy, the celebrated boxer, arrived at New York yesterday, by the steamer Persia, from the West Indies. He was welcomed by the residents of the New York and Union clubs. It is the intention of Mr. Murphy to remain a few weeks in New York, and then return to New Orleans.

Democratic State Circular.

For Author General,
RICHARDSON L. WRIGHT, of Philadelphia.
For Surveyor General,
JOHN ROWE, of Franklin county.

News, etc.

The work of re-laying the Franklin Railroad is progressing finely.

Elly Beatty, Esq., the venerable cashier of the Hagerstown (Md.) Bank, has resigned that office, which he has held for 53 years. Wm. M. Marshall, Esq., was elected to fill the vacancy. Mr. M. has been teller of the bank for many years.

The President has appointed John Hart, Esq., formerly editor of the Charleston Mercury, superintendent of public printing, vice Gen. Bowman, resigned.

The California Gold Mines are producing unusually well this season. Nearly \$2,000,000 are on the way to New York.

A large number of rowdies attacked Lentz's Circus at Frederick on Monday night, whilst performing, and set fire to the side canvas, which was burnt. Several persons were hurt, who are said to have been the victims of tickets, which was 50 cents.

A southern paper suggests the propriety of sending those persons who are caught while engaged in the slave trade, to the north to be tried, and sending south for trial those who disobey the fugitive slave law.

A general convention of the colored voters of New England has been called to meet in Boston on the 1st of August, to take action in reference to the presidential campaign of 1860. What next in the progress of Black Republicanism?

Some of the Southern "American" papers are opposed to forming an "Opposition" party to the Democracy in the South. The *Tuscaloosa (Ala.) Monitor*, one of the ablest Know Nothing papers in the State, repudiates the movement in the South to form an "Opposition" party against the Democracy, to give aid and comfort to the Abolitionists of the North, which is headed by Seward, Greeley, Giddings & Co.

The Oregon Legislature, at its last session, divided thirty-four couple, and fifty more were released by the Courts during the preceding year.

Gov. Wise, of Va., is out in a letter on politics, which is said to make thirty columns of the Richmond Enquirer.

An English jury, in a criminal case, is said to have brought in the following verdict some years ago: "Guilty, with some little doubt as to whether he is the man."

An exchange paper, announcing the death of a gentleman out west, says that, "the deceased, though a bank director, it is generally believed, died a Christian, and universally respected."

"Wife," said a tyrannical husband to his much abused consort, "I wish you to make a pair of false bosoms." "I should think," replied she, "that one bosom as false as yours is, would be sufficient." Exit husband in a brown study.

At a ranch near Sacramento a young woman went to buy some traps for her wedding, which was to take place the next day. While there she met an old friend, promised him and took him. The disappointed groom was so generous that he joined in the merry-making, and volunteered to do the fiddling.

The man who did not think it respectable to bring up his children to do work, has just heard from his three sons. One of them was a driver on a canal; another had been taken up a vagrant; and the other had gone to a public institution to learn the shoemaking business under a keeper.

The English champion, Tom Sayers, has accepted the challenge of the Benicia Boy to a fight for the championship of the world.—The wager is £200 a side, and in addition, Sayers offers a bet of £500 or £1,000 that he will win. The time for the fight may be fixed for any period after the settlement of three affairs that the English champion has now on hand.

UNION AND HARMONY.

The Douglas and Anti-Douglas Democratic journals of Illinois are growing fraternal. The Chicago *Herald*, the leading Anti-Douglas paper in the State, declares that if Mr. Douglas is nominated for President at Charleston, it will support him with all its might. It adds that "no true Democrat will bolt the nominations, 'whoever is nominated.'"

The Station is completed, and beside its many praise worthy arrangements, the building makes a fine appearance. A bell of fair size and excellent tone has been placed in the cupola, which is rung fifteen minutes before the summer is upon you. An enterprising farmer who has tested its efficacy with entire satisfaction, says that one ounce of white vitriol, (sulphate of zinc) and three ounces of common salt, mingled with every three or four pounds of good fresh lime will render the white-wash durable when applied to barns, fences, or other outbuildings.

WILLINGBURY'S CELEBRATED GUM SPRING GRANIT DRILL.

This celebrated Drill, manufactured by F. GARDNER & Co., of Carlisle, who are the authorized Agents for the counties of Cumberland, York and Perry, may be seen by farmers at the Agricultural Implement Warehouse of Messrs. SUSAN, BUNNELL & KUZ, where several of them have been placed for sale. No farmer should neglect to examine them. The Willingbury Drill is not yet been brought into use in Adams county, but in Cumberland and Perry counties a large number were sold last season, and we learn excited a perfect enthusiasm among the farmers who used or saw them working. Such is the fact are the merits of the Willingbury Drill that at the various State and County Fairs it took over thirty first premiums! At the great National Fair, held at Richmond, Virginia, it was awarded the silver medal, being the highest prize.—At the Cumberland, York and Perry county Agricultural Fairs, it also won the first premium. Wherever it has been exhibited it has won the high reputation of being the most perfect Drill ever invented.

THE MAIL.

On Monday last the Passenger Car was run into the Passenger Depot here for the first time. This is a great convenience, and the mail will probably remain in session until to-morrow evening.

SOUDORINE.

The Democracy of Callaway county, Missouri, at a recent meeting, adopted, among other resolutions, the following, which all true Democrats will recognize as sound political doctrine:

Resolved, That every right protected by the Constitution should be faithfully secured to every class of men to whom its provisions extend, without regard to the section, birth or religion of the parties entitled to such rights; and that loyalty to the government, honesty, and capacity are the true tests of the eligibility of men to enjoyment of the franchises of citizens.

THE CARROLL COUNTY DEMOCRAT, speaking of the recent Democratic victory at Westerville, Ohio, says: "This is the first time within our recollection, and certainly the first time since the advent of Know Nothingism, that the Democrats have succeeded at a municipal election in this place." A good day's work.

THE "NATIONAL AMERICANS" of this State have called a separate Convention, to assemble at Harrisburg on the 25th of May instant. The Opposition camp is anything but harmonious, and a rich family fight may be looked for among them.

THE DEMOCRATS OF CIRCLEVILLE, OHIO, ELECTED THEIR ENTIRE TOWN TICKET AND A MAJORITY OF THE CITY POOL.

THE DEMOCRATS OF ST. CLOUD, MINNESOTA, HAVE ELECTED THEIR CANDIDATES BY GOOD MAJORITY. WINSTON HAS ALSO BEEN CARRIED BY THE DEMOCRATS, AND LARGE GAINS ARE REPORTED FOR THE DEMOCRATS THROUGHOUT THE STATE. MINNESOTA IS PREPARING TO ELECT TWO DEMOCRATIC REPRESENTATIVES TO CONGRESS ON THE 2D.

STATE ELECTIONS.—With the exception of Virginia, which will hold its election on the 20th of May, there will be no more State elections held until August, when the States of Alabama, Arkansas, Kentucky, Missouri, North Carolina and Texas will elect.

THE "MAGAZINE" ALLEGED.

Mr. DUNNOR is a decided favorite with the *Star* newspaper. They are blessed with a growing "hankering" after the "fodder" of office, and as he was successful last fall, they hope, by bold humbuggery, to succeed with him again. The declaration that they do not know whether he is a candidate for re-nomination or not, is mere *gassiness*. They know all about it. They have will to be so, and that \$200 donation is a part of the game they are playing to forestall all others in their party who might be ambitious in that direction. That is very well understood by everybody, and all their "virtuous indignation" on the point will not convince a single voter to the contrary. They may think their game a deep one—below the reach of public suspicion—but we can assure them that it will be entirely played out before the election day arrives.

Already the managers are discrediting that Mr. Dunnor's "extra pay" record may "tell" against him. They know, and begin to fear that the people will know about that.

John Fiske, Esq., died Oct. 1.—The subscriber's wife died to be speedily and respectfully buried. It appears that Brigadier General Scott submitted a proposition to a company of capitalists to sell all their rights, and interest to Utah Territory, for a reasonable sum of money, and to leave the Territory within a specified time. Some of the company are said to be in Washington, consulting with the administration. The matter has been kept so far a profound secret.—They desire the aid of the Government in carrying out this praiseworthy undertaking, and it is highly probable that the government will lend them all the aid in its power. It cannot be effected in any other way, the subject will be laid before Congress at its next meeting.

Destructive Fire at Marietta—Marietta, Ohio, May 12.—A very destructive fire broke out in Brennan's warehouse, in this place, at 6 o'clock this evening. Upwards of 20 buildings in the business part of the city are in ashes, but the fire is now under control.

Letters from Quito report the number of deaths by the earthquake at ten. They were at first estimated at 3,000. A liberal deduction that.

Look at This!

NICARAGUA, contains mines of the precious metals before which the gold of California and Australia pale. A few mines of well directed effort are now in operation, and a fortune. She has a beautiful climate and a soil admirably adapted to the growth of Cotton, Tobacco, Sugar or Coffee. As the key to our Pacific Possessions, and with her Government in a state of dissolution, Manifest-Destiny clearly indicates another star to be added to our banner, for all the details, with a history of the filibusters, the Casco-Virgini treaty, a new and improved map of the coast of Central America, colored, with a history of the various countries, and a map of the coast of Central America, and Panama, and the United States, by P. S. BROWN, Esq., late United States Vice Consul.

It is a handsome 12mo. volume, and will be sent to your address post-paid, on receipt of the price (\$1.25). Agents will find it very popular. Read to JOHN E. POTTER, Publisher, No. 617 Sansom St., Philadelphia, Pa.

SAVINGS INSTITUTION of Adams County receives money on deposit daily, from 9 A. M. until 3 o'clock, P. M., and on Saturday from 9 o'clock, A. M. until 6 o'clock, P. M. Interest on deposits from 2 to 5 percent. Special deposits paid agreeably to notice, and transient deposits paid on demand with interest.

Interest on special deposits, when made for 10 months and upwards, is 4 per cent; on transient deposits for 30 days and upwards, 2 per cent, and on regular weekly deposits 3 per cent.

The popularity of this Institution with all classes of the community, both in town and country, and its consequent success, may be attributed in part to the following reasons:

It is a convenient, responsible and profitable depository to farmers and mechanics, to executors, administrators, assignees, collectors, agents and all public officers, to attorneys, trustees, societies and associations, incorporated or otherwise, who are compelled to deposit to trustees, ministers, clerks, and business men, usually to minors and all who have funds worth little, to deposit with return of interest.

Depositors receive books in which are entered their deposits, which books serve as vouchers. They may designate in case of sickness, death or absence, who shall receive their deposits, without the intervention of executors or administrators.

THE WAR COMMENCED!

Official Announcement of the Passage of the Ticino—Austria's Ultimatum an Insult—The Rejoinder made in Disdain—French Troops in Italy—Warlike Preparations in England.

St. John's, N. F., May 9.

The steamer *Achille*, from Galway, with date to the 30th ult., arrived this afternoon. The news is most important. There has been no declaration of war, but hostilities were about to commence. The Austrian troops, 120,000 strong, had passed the Ticino.

No actual conflict had yet taken place.

The French army was pouring into the Piedmontese territory.

The Grand Duke of Tuscany has joined France and Piedmont against the Austrians.

The report of the French-Russian alliance has been denied, but an offset the London *Times* publishes the provisions of the treaties which are said to have been entered into by these two governments. The beneficial effect which was produced by the denial, on funds, was injured by this publication, and a great panic on the London Exchange was the result.

Consuls at one time were quoted as low as \$8. In consequence of these fluctuations and bizarre speculations, about forty failures among the stock broker's are announced.

The War Crisis.—It had been telegraphed from various sources, that during the night of the 26th of April, 100,000 Austrians under Oulitz crossed the Ticino, in three corps, and took the road towards Novara—also that they afterwards blew up the bridge of Buffara, over which they had crossed.

It was reported that Austria had accepted the proposed mediation of England and postponed the declaration of war.

The London *Times* proposes to give the provisions of the Treaty between France and Russia, regarding the alliance of a menace to England, inasmuch as Russia guarantees the services of her fleet in the Mediterranean and Baltic, in addition to the army of observation on the Austrian frontier.

The King of Sardinia has issued an inspiring proclamation to the army, saying that he regarded the ultimatum of Austria as an insult, and rejoined it with disdain.

The French troops were landing at Genoa in large numbers, and were enthusiastically received.

Victor Emmanuel has gone to join the army at Alessandria.

The Tuscan army called on the Grand Duke to join France and Piedmont, and declare war against Austria. He declined and fled, whereupon the army declared a military dictatorship.

Warlike preparations were going on in England, and great activity prevailed at Woolwich.

The Government has chartered the Cunard steamer *Etna* and other vessels to convey troops and munition to the Mediterranean.

Rumors prevail of a proclamation being about to be issued calling out twenty thousand men for the navy.

There are active military movements throughout France. 80,000 French troops were expected to be in Italy by the day the steamer sailed.

The Austrian official journals contain an imperial manifesto, explaining the necessity of a war with Sardinia, and authoritatively denies the existence of a secret treaty between Russia and France.

The ship *Pomona*, from Liverpool to New York, was wrecked off Wexford on the 17th. The crew and three of her passengers (names unknown) were saved. Six had over 400 pounds on board. The loss of life had not been ascertained.

Paris, Saturday.—The Austrian troops have crossed the Ticino and commenced hostilities. This intelligence is officially received.

Liverpool, April 29.—Brudenell.—The market closed with an advancing tendency, and quotations for all qualities are higher.

The Course of the War.—Austria claims that she rightly owns and controls Lombardy and Venetia; that she has a right to control them as she sees fit; that in order to do this she must maintain with the several neighboring Italian States such an influence as will render her Lombard Venetian sovereignty safe. Therefore she keeps up a partial military occupancy of the central Italian States, and virtually rules in all Italy. Sardinia is the only large Italian province which is an exception. There Austria has no power, and the policy of Sardinia, which is favorable to the establishment of constitutional governments in Italy, is hostile to that of Austria, which tends to the maintenance of the strictest military despotism. Sardinia, and France sympathizing with her, to the contrary claim that the Austrian occupation of Italy is injurious to its effects on the Italian States, prevents the development of that country, and is virtually in violation of the treaties and compacts of 1815. They demand the abandonment of the Austrian occupation of Italy and the Sardinian frontier, and that Austria shall cease to exercise any more control in Italian affairs than the other great powers. These demands Austria refuses to comply with, alleging that her policy in Italy is necessary to her own protection in her own dependencies of Venice and Lombardy. These matters have been in controversy for three years. France and Sardinia proposed in 1856 the consideration of this subject by the Congress of the European powers. Austria would not consent to this. Diplomatic negotiations were carried on, however, between France and Austria, but the difference has grown wider and wider the longer the discussion has continued, until now they propose to settle the whole affair by a resort to arms.

New York, May 11th.—The Persis's advice do not confirm the actual outbreak of hostilities, but an official dispatch of Friday announces a formal declaration of war by Austria against Sardinia.

This is an abstract of a letter per the steamer *Persis*, dated Liverpool, April 30th.—"The paper of this morning contains a dispatch from Vienna, dated Friday, in which it appears that the official papers there have announced the declaration of war by Austria against Sardinia.

"Revolution has occurred in Tuscany and the Italian duchies, and all Italy will soon be in a blaze, in consequence of the announcement of Sardinia, that on her banner is inscribed 'The Independence of Italy.'

The fact that France was about to prohibit the export of grain, had caused an excitement in the Liverpool market, and for the week, had advanced 3s. and corn 4s., the market closing firm.

Private letters say that the Persis has brought out heavy orders to this country for breadstuffs and provisions.

Hon. Wm. B. Reed.—This gentleman, our late minister to China, arrived in Philadelphia on Wednesday. On landing from the *Persis*, at New York, he was met by a committee of his fellow-citizens, and escorted home. The leading citizens of Philadelphia, without respect to party, design to give him a complimentary dinner. Just as Mr. R. was leaving London, he received intelligence, from the most authentic source, that Lord Malmesbury had declared that peace negotiations were at an end, and that a conflict between the opposing forces on the Continent was inevitable.

Distressing Mortality.—There has recently been an unusual mortality in the family of Mr. Joshua H. Selby, at Chambersburg, Md.—On the 15th ult., his son, aged ten years, died; on the 19th his daughter, aged thirteen years, and on the same day his wife, all of scarlet fever; and on the following day Mr. Selby himself died of consumption.

Arrival of Paul Murphy.—The celebrated chess player, Paul Murphy, arrived at New York on Wednesday by the steamer *Persis*, from his European tour. He was welcomed by the presidents of the New York and Union chess clubs. It is the intention of Mr. Murphy to remain a few weeks in New York, and then return to New Orleans.

The work of re-laying the Franklin Basil-
lard is progressing finely.

Eliz Beatty, Esq., the venerable cashier of the Hagerstown, (Md.) Bank, has resigned that office, which he has held for 52 years. Wm. M. Marshall, Esq., was elected to fill the vac-
ancy. Mr. M. has been teller of the bank for many years.

The President has appointed John Heart, Esq., formerly editor of the Charleston Mercury, superintendent of public printing, vice Gov. Bowen, resigned.

The California Gold Mines are producing unusually well this season. Nearly \$2,000,-
000 are on the way to New York.

A large number of swallows attacked Lent's Circus at Frederick on Monday night, whilst performing, and set fire to the side canvas, which was burnt. Several persons were hurt, the cause said to have been the price of tickets, which was 50 cents.

A southern paper suggests the propriety of sending those persons who are caught while engaged in the slave trade, to the north to be tried, and sending south for trial those who disobey the fugitive slave law.

A general convention of the colored voters of New England has been called to meet in Boston on the 1st of August, to take action in reference to the presidential campaign of 1860. What next in the progress of Black Republicanism?

Some of the Southern "American" papers are opposed to forming an "Opposition" party to the Democracy in the South. The *Tuscaloosa (Ala.) Monitor*, one of the ablest Know Nothing papers in the State, repudiated the movement in the South to form an "Opposition" party against the Democracy, to give aid and comfort to the Abolitionists of the North, which is headed by Seward, Greeley, Giddings & Co.

The Oregon Legislature, at its last session, divorced thirty-four couples, and fifty more were released by the Courts during the preceding year.

Gov. Wise, of Va., is out in a letter on politics, which is said to make thirty columns of the *Richmond Enquirer*.

An English jury, in a criminal case, is said to have brought in the following verdict some years ago: "Guilty, with some little doubt as to whether he is the man."

An exchange paper, announcing the death of a gentleman out west, says that, "the deceased, though a bank director, it is generally believed, died a Christian, and universally respected."

"Wife," said a tyrannical husband to his much abused consort, "I wish you to make me a pair of bosoms." "I should think," replied she, "that one bosom as false as yours is, would be sufficient." Exit husband in a brown study.

At a ranch near Sacramento a young woman went to buy some traps for her wedding, which was to take place the next day. While there she met an old flame, promised him and took him. The disappointed groom was so generous that he joined in the merrymaking, and volunteered to do the fiddling.

The man who did not think it respectable to bring up his children to do work, has just heard from his three sons. One of them was a driver on a canal; another had been taken up as a vagrant; and the other had gone to a public institution to learn the shoemaking business under a keeper.

The English champion, Tom Sayers, has accepted the challenge of the Benicia Boy to a fight for the championship of the world.—The wager is £200 a side, and in addition, Sayers offers a bet of £500 or £1,000 that he will win. The time for the fight may be fixed for any period after the settlement of three affairs that the English champion has now on

AND THE SAME!

Union and Harmony.

The Douglas and Anti-Douglas Democratic journals of Illinois are growing fraternal.—The *Chicago Herald*, the leading Anti-Douglas paper in the State, declares that Mr. Douglas is nominated for President at Charleston, it will support him with all its might.

It adds that "no true Democrat will bolt the nominations, whoever is nominated." On the other hand, the *Springfield Register*, the central Douglas organ, pledges itself to support the nominee of the Charleston Convention, whoever he may be. It will go, it states, for President Buchanan, if he is re-nominated at Charleston upon the old Democratic platform.

Sound Doctrine.

The Democracy of Calhoun county, Missouri, at a recent meeting, adopted, among other resolutions, the following, which all true Democrats will recognize as sound political doctrine:

Resolved. That every right protected by the Constitution should be faithfully acceded to by every class of men to whom its provisions extend, without regard to the section, birth or religion of the parties entitled to such rights; and that loyalty to the government, honesty, and capacity are the true tests of the eligibility of men to enjoyment of the franchises of citizens.

Democratic Victories in the West.

As the telegraph records nothing but Opposition victories, we have to wait for our exchanges to learn the Democratic triumphs, of which there are not a few occurring all over the country. We annex a few from the West, which are quite cheering:

The Democrats of Freeport, Illinois, have elected their Mayor and City officers by a majority of about one hundred.

In Tiffin, Ohio, the Democratic Mayor, Mr. Johnson, is elected by 20 majority.

In Rock Island, Ill., the late Democratic ticket was chosen at the last town election by 60 majority.

The entire Democratic ticket was elected in Fremont, Ohio; ditto in Defiance, Ohio, by majorities from 20 to 50. Last year the opposition majorities were from 5 to 15.

The Democrats of Pittsburg, Ohio, elected Irwin S. Norton, mayor, and a large majority on the town ticket.

In Sandusky, Ohio, the Democratic majority was about 50.

In Elyria, Ohio, the Republicans ran Philmon Bliss, their member of Congress, for Mayor. He was beaten by Paul W. Sommer, Democrat. His vote in Congress against the admission of Free Oregon, it is said, lost Bliss his election.

The Democrats of Circleville, Ohio, elected their entire town ticket and a majority of the city council.

The Democrats of St. Cloud, Minnesota, have elected their candidates by good majorities.

Winona has also been carried by the Democracy, and large gains are reported for the Democrats throughout the State. Minnesota is preparing to elect two Democratic representatives to Congress next fall.—*Constitution*

Convicted as a Nuisance.—Joe Barker, the Pittsburg demagogue, has been convicted of being a common nuisance, after a trial before a jury.

The President has appointed William D. Bishop, of Connecticut, Commissioner of Patents.

The "Managers" Alarmed.

Mr. DURBORAW is a decided favorite with the *Star* managers. They are blessed with a gnawing "hankering" after the "fodder" of office, and as he was successful last fall, they hope, by bold humbuggery, to succeed with him again. The declaration that they do not know whether he is a candidate for re-nomination or not, is more *yankee*—They know all about it. They have willed it to be so, and that \$200 donation is a part of the game they are playing to fasten all others in their party who might be ambitious in that direction. That is very well understood by everybody, and all their "virtuous indignation" on the point will not convince a single voter to the contrary. They may think their game a deep one—below the reach of public suspicion—but we can assure them that it will be entirely played out before the election day arrives.

LOCAL AFFAIRS.

A Revolutionary Letter.
A friend at Petersburg (York Springs) informs us that Dr. STEWART, of that place, is in possession of an original letter from Gen. WASHINGTON, of which the following is a copy. It was presented to him by Mr. THOMAS CONLEY, who in his youth was an intimate of the Dr.'s family, but now resides in Parkersburg, Virginia. Mr. Conley obtained it from a son of Gen. Potter, while on a surveying exploration in Mr. Potter's neighborhood. The Dr. has a handsome frame enclosing it, defended by glass on both sides. It is certainly an interesting relic.

The Old Courthouse.

Work on the demolition of the old Court-house progressed finely last week. The brick walls have been taken down, and little else than the removal of the materials remains to be done. Already a decided change in the appearance of the Diamond is observable.

A funny scene was witnessed there the other day. A long rope was attached to a corner-wall, to pull it down. A number of the workmen were tugging away at it to no purpose, when the by-standers generously volunteered to assist, and upon the word "Now!" being given, a strong pull altogether was made, the rope slipped over the wall, and down went the party—a number of them on their backs. Nobody was hurt, and everybody laughed, to the serious hazard of their waistcoat buttons.

HEAD QUARTERS, Valley Forge, 21st Dec. 1777.

Dear Sir.—Major Clark has wrote to me several

times about some provisions that Mr. TRUM-
PEN was about sending to Philadelphia, by his
permission, as a cover to procure intelligence.
This provision was seized by Col. Rankin,
and has been since detained by him. I desire
you will give orders to have it delivered,
for unless we may then make use of such
means to get information to this city we can
not expect to obtain intelligence.

I think it is the greatest consequence to
have what Hay remains upon the Islands
above the mouth of the Duxbury Creek destroyed,

especially if what you have heard of the former
mangnifying of hay being spoiled is true. At
any rate as we cannot move it, I think it
should be done as speedily as possible, as we
shall probably oblige them to come out into
the country to forage, which will perhaps
give us an opportunity of cutting off a party.

The mode of leaving entirely to Col. Morgan
and yourself. I am informed that these are
parties cutting wild every day on this side
the Schuylkill. I do not doubt they might
drive in, but I think destroying the hay
should first be attended to.

Please acknowledge I am, Dear Sir,

Brigham Young About to Sell Out.—The Mormon improvidence fails to be speedily and satisfactorily settled. It appears that Brigham Young has submitted a proposition to a company of capitalists to sell all their right, title and interest to Utah Territory, for a considerable sum of money, and to leave the Territory within a specified time. Some of the company are said to be in Washington, consulting with the administration. The matter has been kept thus far profound secret. They desire the aid of the Government in carrying out this praiseworthy undertaking, and it is highly probable that the government will lend them all the aid in its power. If it cannot be effected in any other way, the subject will be laid before Congress at its next meeting.

Look at This!

NICARAGUA, contains mines of the precious metals before which the gold of California sinks to insignificance. A few months of well directed effort among them is ample to secure a fortune. She has a beautiful climate, and a soil admirably adapted to the growth of Cotton, Tobacco, Sugar or Coffee. As the key to our Pacific Possessions, and with her Government in a state of dissolution, Manifest-Destiny clearly indicates another star to be added to our banner. For all the details, with a history of the filibusters, the Caso-Yrisari treaty, a new and improved map of the country appropriately colored, and other matters of interest, read NICARAGUA; Past, Present and Future, by F. E. STOUT, Esq., "the United States Vice Consul." It is a handsome 12mo. volume, and will be sent to your address post-paid, on receipt of the price (\$1.25.) Agents will find it very popular. Send to JOHN E. POTTER, Publisher, No. 617 Sansom St., Philadelphia, Pa., May 16, 1859. 2m

The undersigned would respectfully inform the citizens of York, Adams, Cumberland and Lancaster counties, that he will sell Singer's Sewing Machines at reduced prices. For beauty they cannot be surpassed, and for durability cannot be beat—there being now in use over 15,000 of Singer's Machines, which recommends them to be far superior to any other in use. All I ask is an examination of the Machine, and if you have any motion of one you will be certain to buy. Machines of every variety of Singer's on hand. Every family should have one of the Family Machines, for they are certainly a handsome and useful piece of furniture. They are not liable to get out of repair, and will last you a life time.
